

# Earn \$100 to buy healthy food

As a member of Fallon Health's NaviCare® SCO or HMO SNP program, you can earn money on the Healthy Food card to buy fruits, veggies and more!

## How it works

**You'll be awarded \$50 for completing an activity**—up to two per year—like getting an annual physical, a flu shot or the COVID-19 vaccine. Spend those earned dollars at the stores listed below.

You'll earn \$50 for completing one item from each of the following categories up to a maximum of \$100 per year:

### See your doctor

- Annual physical exam
- Annual wellness visit

### Stay updated on your shots

- COVID-19 vaccine
- Flu
- Pneumococcal
- Shingles
- Tdap

You can use your card starting today! When you make a food purchase at a participating store or from FarmboxRx, the amount is deducted from your balance. If your items exceed the balance on your card, you're responsible for the remainder of the cost.

## Use your Fallon Healthy Food card at any of the following stores:

- CVS Pharmacy
- Dollar General
- Family Dollar
- Hannaford
- Rite Aid
- Stop & Shop
- Walgreens
- Walmart

**New for 2022!** Get fresh produce delivered right to your home! Use your Healthy Food card to pay for purchases made from FarmboxRx. See other side to learn more.

## Your card can be used to buy items like:

### Do not throw away your card

**It's important to keep this card from year to year.** When you complete an activity, \$50 will be automatically added to your card (up to \$100 each year). This usually takes about 6-8 weeks after you complete the item.
